NOTICE TO MARINERS

*HMDC is monitoring a sheen on the ocean surface, with an approximate radius of 3 nautical miles, in position 46 47.419 N and 48 37.352 W. The sheen is drifting in an ENE direction at less than 1 knot.*

*Vessels have been tasked with monitoring and clean-up of the sheen and requests that all mariners keep a 10 nautical mile berth from this area.*
